Code of Conduct:

You may recognize this from registering your child for our soccer program! Our code of conduct emphasizes sportsmanship, respect, and fair play, outlining expectations for all to ensure a positive environment. Key elements include respecting opponents, officials, and coaches, playing within the rules, prioritizing a child's well-being over winning, and using appropriate language and behavior. More at: <https://uscenterforsafesport.org/response-and-resolution/safesport-code/>

Parking at our Home Fields (Unionville):

Please refer to the field map below for parking. There is additional parking at the Unionville Boro playground, but there is to be NO PARKING where no parking signs are located, on the gravel path, or along any of the fencing.

It is imperative that we do not receive parking violations from the Unionville Boro. Our organization does not own the fields, and the Boro is kind enough to grant us the opportunity to use the fields. Parking violations may result in field loss, which would be devastating to our program.

4. Water Bottle
5. No jewelry (refs check at games too!)

We have a **cleats swap stash!** Please feel free to donate previously worn cleats and/or grab your child(ren) a pair from our cleat recycling bins—we will have these out by the check-in tables during our first practice! We do have limited numbers of shin guards available too, and we happily accept donations of used shin guards, as our supply is very low.
